PLD2080E01 TYPHOON

The Prolight Typhoon 12w LED Downlight is the perfect halogen downlight replacement offering a DIMMABLE light output. At 790 lumens, the Typhoon is ideal for homes and Commercial fit outs. It offers the same benefits of Halogen with the reduced Co2 impact, zero maintenance and very low energy consumption that is expected from BRIDGELUX leds .

Colours Available : White Black Silver /Custom colours available.
